raninirmalaprakoso@gmail.com

+(62) 852 2001 1114

Surakarta, Central Java

www.linkedin.com/in/rani-prakoso

Visionary student of science and mathematics with a demonstrated commitment to providing great customer service while providing strong organizational abilities. Proven success in managing academic projects and student events. Looking to improve knowledge of technology development and learn about HTML & CSS, JavaScript, Sass, and Git.

EDUCATION

High School at SMA Negeri 1 Surakarta

2019-Now

Currently in the twelfth-grade major in sciences program. Graduation will be expected in May 2021. In the last 2 years, I always got above 90/100 for my average school report. Became The First Female President of Class's Rep Assembly and also joined several organizations such as scout councils and journalism. Participate in several competitions, workshops, and training in the leadership programme and computer field.

EXPERIENCE

Experience 1

Volunteer, Mathematics Village

1/2019-21/2021

Free teaching mathematics for elementary students in a place called "Mathematics Village" in Karanganyar City, Central Java State

Experience 2

Co-owner, Thrifting Business

12/2019-1/2020

Selling used clothes on the roadside with my friends. Our daily income was over IDR 100k - 500k and we donated sales proceeds to people in need.

Experience 3

Founder and CEO, Food Gift Business

5/2017 - 7/2018

Creating food gifts for graduation, birthday, or anniversary for individuals and groups. Drew customer traction using WhatsApp campaign and made the perfect custom food gift for the client's special occasion.
